

Logic Assignment — Load a Dishwasher

How do I clean my dishes?

- What do I need to clean my dishes?
 - A dishwasher
 - Electricity
 - Water
 - Detergent packets
- How do you use a dishwasher?
 - First, you load the dishwasher with your dirty dishes.
 - Put bigger and heavier items on the bottom rack.
 - Put smaller and lighter items on the top rack.
 - Put silverware in the smaller compartments on the side of the bottom rack.
 - Place the detergent packet in the detergent dispenser slot
 - Choose the type of wash cycle that you want
 - How do I know what wash cycle I need?
 - Use light wash for a very small load.
 - Use normal wash for everyday dishwasher loads, such as plates, cups and silverware.
 - Use heavy wash if you're cleaning big pots and pans, as well as your everyday load.
 - Press the “Start” button to start the wash
